## WHY SHOULD YOU ATTEND?

The Northwest Native Asset Building Coalition will be hosting the Northwest Region Asset Building Conference on the Squaxin Island Reservation in Shelton, WA. Our focus is to provide opportunities for support, information about asset building initiatives and to connect with Tribal leaders, housing organizations and programs, financial institutions, local and state representatives, and asset building organizations.

Asset building is a move toward assisting families in achieving economic security. The goal of financial asset building is to develop positive financial skills that will result in home-ownership, pursuit of higher education, or the formation of a small business. By coming together we can create asset building programs that will lead to long term sustainability for native families. The regional conference will provide unique opportunities for networking among those working to build the financial assets of Native American families.
